District News

From Our Correspondents

EASTWAY

Mrs. Henry McBride spent Sunday with Mrs. Spanke at High River.

Andrew Pokvitne visited relatives at Lomond on Sunday. A freak lamb was born at the farm of Mrs. N. Johnston last week. It had three mouths, the two extra ones being under each ear, and each mouth had a fully developed tongue. The freak was born without a tail.

Mr. and Mrs. F. M. Wyatt and Mrs. P. Laughlin journeyed to Calgary on Monday. On the way back they visited with Mr. and Mrs. W. McMullen, Sr., at Okotoks.

On June 15 the residents of the Eastway district journeyed to High River park for the annual Father's Day picnic. After a picnic dinner was enjoyed by all, young and old took part in sports, with results as follows:

Children's races, 9 and under, 1st Shirley Burgess; 2nd, Irene Earl. 7 and under, 1st, Dale Wyatt; 2nd, Duane Hill; 4 and under, 1st, Fay Love; 2nd, Albert Earl.

Thin ladies race: 1st Mrs. G. Laycraft, 2nd Mrs. C. Tharlie. Stout ladies race, 1st Mrs. F. M. Wyatt, 2nd Mrs. T. Laughlin.

Men's open race, 1st Jack Telfer, 2nd R. N. Hill. Men's race, 70 years and over, 1st W. McMullen Sr., 2nd John Dahl.

High jump, 9 and under, 1st Donna Laycraft, 2nd Shirley Burgess; 7 and under, 1st Darrel Laughlin, 2nd Frances Earl. Ladies high jump, 1st Mrs. H. Tharlie, 2nd M. Becker. Men's high jump, 1st Ted Fisher, 2nd Jack Telfer.

KIRKCALDY

Mr. and Mrs. Smith, Mr. and Mrs. Eddie, Miss Gladys Main, Martin Foster of Carstairs and Art Main of Ensign were guests on Sunday at the home of Mr. and Mrs. Joe Main.

Mr. and Mrs. Albert Markert and Allan Markert, accompanied by Mr. and Mrs. A. B. Sansone, were Calgary visitors on Saturday.

Mr. and Mrs. R. Knudson and family of Claresholm were weekend visitors at the home of Mr. and Mrs. Calvin Hollister.

A. J. Maisey is spending several days in Edmonton this week on business.

Calvin Hollister, W. Brinton and Rolly Knudson celebrated the opening of the fishing season by spending the first part of the week west of Nanton.

Members of the Women's Institute are reminded of the constituency conference to be held at Champion next week on Tuesday, June 23, at 10 a.m.

S. W. Cowell was a Calgary visitor last week.

Mrs. P. Patterson of Champion was a guest this week at the home of Mrs. A. J. Maisey.

Mr. and Mrs. Jim Walker and son of Nanton and Mr. and Mrs. Ralph Bond of Champion were Sunday visitors with friends here.

Mr. and Mrs. Doug Wilson and family were Carmangay visitors on Sunday at the home of Mr. and Mrs. Wilson, Sr.

Mr. and Mrs. W. Munro were Calgary visitors last week. Miss Marion Munro spent the week-end with her parents.

BRANT

Mrs. O. Brown and girls were weekend visitors at Lethbridge.

Mr. and Mrs. Ira Olsen of High River were visitors last week at the home of their son, Ted Olsen.

A campaign has started here for the Red Cross blood clinic. Anyone who will give blood at this clinic is asked to register on the cards at either Lundquist's Store or John's Groceries. Donors should be between the ages of 18 and 65. If there are enough donors the clinic will be held in Brant in the fall. All residents are asked for their support in order to provide free blood transfusion service for all Alberta hospitals. Sign the cards today!

Mr. and Mrs. Jack Fletcher are driving a new 1947 Ford coach.

The Vulcan junior baseball team played at Brant last Friday, defeating the local team by a 10-2 score.

Mrs. Henry Bateman was a Calgary visitor last week.

Mr. and Mrs. Glen Metzger and family of Stirling were weekend visitors at the home of Mrs. Metzger's sister, Mrs. Mel Hanson.

Mr. and Mrs. George Bateman left on Monday with their new "trailer" for the United States, where they will spend the summer.

Mr. and Mrs. Jack Thompson accompanied Mr. and Mrs. MacWilliams of Calgary to Banff last week-end.

Mr. and Mrs. Gordon Thompson were Nanton visitors on Sunday.

The Blackie baseball team played a double-header at Brant on Sunday, winning both games, 11-6

Wheatbelt Teams Participate in Carmangay Tourney

The four teams of the Wheatbelt League participated in a baseball tournament at Carmangay on June 11, with a large crowd on hand for all games. The tournament was won by the Champion club.

The first game between Champion and Barons was a hotly contested affair, thirteen innings being played to break the 3-all tie which existed at the end of the regulation nine innings. Champion got the all-important run in the last half of the thirteenth to make the score 4-3. Batteries: Barons, L. Saffel, pitcher and C. Sherwood, catcher. Champion, Bud Siler, pitcher and Cecil Rhodes, catcher.

The second game, between Carmangay and Vulcan, was also closely contested. Vulcan came out on top by a 6-5 score. Batteries: Vulcan, Willard, pitcher and Matlock, catcher. Carmangay, W. Chelton, pitcher; Teskey, catcher.

The final game between Vulcan and Champion was called at the end of seven innings on account of darkness, Champion winning by a 20-2 score. Batteries: Vulcan, Fisher, pitcher; Matlock, catcher. Champion, M. Smith, pitcher; Rhodes and Hagg, catchers. Champion's regular pitcher, C. Rhodes, suffered a badly smashed finger, and had to retire from the game.

The next tournament in which these four clubs will participate will be at Vulcan on Dominion Day, when the purses will total \$150.00.

and 10-8. Earl Bateman was a Sunday visitor at Lethbridge.

There is a lot of credit due the Brant baseball team and the men who helped make the new ball diamond. This is the nicest diamond Brant has ever had and it is situated on the east side of the school.

REID HILL

A ball tournament between Travers, Lomond, Armada and Reid Hill was rained out in its early stages on Sunday, June 8.

At a meeting held at the school June 6, it was decided to remain on standard time.

Mr. and Mrs. Dave Crabb were Calgary visitors.

Mr. and Mrs. J. Rausch and young son of Calgary are spending a few weeks at the home of Mrs. Rausch's parents, Mr. and Mrs. W. Becker.

Mr. and Mrs. J. Hartung motored to Calgary last week. They were accompanied by the latter's father, Mr. C. Lebsack, Sr., who had been visiting in the district.

Sunday visitors at the Becker home were Mr. and Mrs. Busch and family and the Loughheed sisters of Parkland.

Miss Evelyn Hodges of Barnwell visited with the Thomas' for a few days.

Miss Lillian Teske of Bruce spent several weeks with her aunt, Miss Grinde.

Master Bobby Dann accompanied his father and sister-in-law to Calgary last Friday. While there he took in the baseball game. According to Bobby, it's a thrill to watch one's big brother in action.

Gordon Meyers of Edmonton is visiting his parents, Mr. and Mrs. Billy Meyers.

Miss Freda Becker, who has just returned from a trip to the States, is visiting with her parents.

The presentation of awards received at the Vulcan track meet was made on Friday by Mr. Kumlin. Those who were not among the winners were encouraged by the principal's closing remarks, "Whether you win or lose, if you do it like a sport, you are still a winner."

The Reid Hill school ground has been enlarged by two acres. This makes a substantial difference.

Mrs. A. McKay spent a few days in Calgary last week.

Mr. and Mrs. Ed Roebuck motored to Calgary recently.

Mr. and Mrs. Speer and Winjva were city visitors over the week-end.

If all goes well, the school picnic is to be held at Three Sons, on Saturday, June 21.

BERRYWATER

Louie Palmer has returned from a tour of rodeos in Saskatchewan, where, though there was stiff competition from cowboys from the U.S., he was successful in winning the following awards: At Saskatoon, third in bulldozing and third in steer riding. At Prince Albert, third and fourth in steer riding. At Melfort, first in steer riding and fifth in bulldozing. At Nipawin, first in steer riding. At North Battleford, second in bulldozing and fourth in steer riding. At Holden, split third and fourth in steer riding.

The baseball games between the Snake Valley Juniors and Reid Hill proved very interesting to a

Good Neighbors At Armada

This picture was taken at the farm of H. K. Barclay, Armada, on May 12, when his neighbors stepped in to give him a helping hand with seeding operations. The machines in the picture are owned by J. L. Urdal, W. Grant, M. Magnusson, I. Magnusson, Hendrickson Bros. and J. Lynch. C. Holo provided a truck to keep the tillers

supplied with wheat and the six tractors and tillers completed the seeding of a quarter-section in one day. The co-operative effort not only provided relief for Mr. Barclay, who was 83 years old on his last birthday, but gave these Armada farmers a chance to compare the performances of their machines in the field. The snapshot was taken by C. Stokes.

Lions Club Will Arrange Free Swimming Classes For Children

Obituary

MRS. MARIE COARD

Funeral services were conducted from Leyden's Funeral Home, Calgary, early last week for Mrs. Marie Coard, aged 90 years and 8 months, who died in a Calgary nursing home on Friday, June 6.

Coming to Canada from England at the turn of the century, Mrs. Coard had resided in High River and other points before moving to Vulcan. She had been in Calgary for the past two and a half years.

Mrs. Coard was predeceased by her husband, Dr. William H. Coard, an Anglican minister.

MRS. MAY GOODNIGHT

Following a heart attack at her home in Lacombe, Oregon, Mrs. Jesse (May) Goodnight died suddenly on Saturday, June 14, at the age of 55 years.

Mr. and Mrs. Goodnight and family were residents of the Champion district for twenty years, engaging in farming and dairying. They left in 1937 to make their home in Oregon and were Champion visitors last year.

Surviving Mrs. Goodnight are her husband, three sons and six daughters, all residing in the States. The funeral was held Wednesday at Portland, Oregon.

A son, Lawrence, arrived in Champion, Saturday morning to visit friends, en route to Alaska on a holiday. Receiving word of his mother's sudden passing, he left immediately to return home.

Reid Hill Institute Aid English Family

The regular meeting of Reid Hill W.I. was held at the new home of Mrs. Doug Smith, Thursday, June 12th, with 14 members and three visitors in attendance.

Roll call was answered with "What I Admire in a Good Citizen."

Mrs. P. McIntyre was named delegate to attend the conference in Champion on June 24th.

large crowd of spectators Sunday afternoon. Two games were played. In the first one Reid Hill won by a score of 17-11. In the last with the winning runs.

Church services for June 8th, when Dr. Thomas Hart of Edmonton was scheduled to speak, were rained out, which was a keen disappointment to the congregation. However, there was a good turnout last Sunday to hear Mr. Rodenets.

Miss Marjorie Love of Calgary spent Friday at her home here.

Miss Betty Smith was a weekend visitor June 8th at the home of her parents, with her mother and father motoring her back to the city on Monday.

Mrs. L. Douglass of Bowness and her grandson, Wayne King, recently spent two weeks at the H. C. Douglass home.

Week-end guests at the home of Mr. and Mrs. H. Douglass were: Mr. and Mrs. Martin King and sons, Martin and Orlo, Calgary and L. A. Douglass, Bowness.

Mr. McKenzie recently spent a few days with relatives in Calgary. Allan Simms has returned to his home after a two-week vacation spent in Edmonton and Calgary. While in Edmonton he attended the Young People's week held at the University Campus.

Mrs. H. C. Douglass has returned from the Young People's Week at Edmonton, where she acted as provincial representative for the U.F.W.A. At the Young People's Week the U.F.A. Juniors held their annual election of officers for the provincial set-up with the following results: Orrin Hart, Claresholm, elected new provincial presi-

(Continued on Page 2)

More Building Permits Are Approved By Town Council

A further \$15,450 in building permits was approved by the town council at the regular meeting last week. The demand for building permits is keeping pace with previous months and all permits approved at this meeting for residences or additions to existing homes. Permits approved included:

B. A. Lloyd, residence \$5000; garage \$1000; R. J. Buehler, house to be moved in on full basement, \$4000; A. B. Graham, addition to residence \$300; O. O. Donily, moving house and addition \$1000; G.E. Clayton, porch on house \$150; J. Scobbie, move in house and improve, \$4000.

Approval was given to the applications of I. J. and O. O. Donily for the provincial licences necessary for operating a bowling alley and restaurant and confectionery. The office hours for the secretary were set at 1.30 to 5.30 p.m. daily. The secretary was granted holidays from July 2 to 12 to allow him to attend cadet camp.

A revised contract with Davis, Ripley and Associates was discussed at length and was referred to a later meeting.

Correspondence that was dealt with included: Alberta Clay Products—Accepting order for sewer pipe but giving no delivery date.

Alberta Marketing Board—Advising that waterworks installations at three abandoned airports would be tendered shortly and that tender forms would be sent. Town of Bow Island—Offering water pipe for sale.

Foothills Health Unit—Advising that hospital well was tested and was o.k.

Parents Invited To School Meeting

Parents of prospective Grade 10 students, particularly, and all high school parents, generally, are invited to a meeting in the activity room of the Brick School on Thursday afternoon, June 26, at 2:30 p.m., when current high school regulations, requirements for high school diplomas, matriculation, etc., will be dealt with.

Prior to this discussion, awards will be made to the leading students in Grades 9 to 12 in academic effort, citizenship effort and athletic effort, by a representative of the School Board, of the Home and School Association and the principal, respectively.

RECENT BIRTHS

To Mr. and Mrs. Joe Chollack, Lomond, on June 7th, a son.

To Mr. and Mrs. Talbert-Thorson, June 10th, a son.

To Mr. and Mrs. Frank Rea, Brant, June 11th, a daughter.

To Mr. and Mrs. Sturgess Davis, Vulcan, June 12th, a son.

This Edition Pays Tribute To Farmer

This is Farm Week, and The Advocate is joining with all other weekly newspapers across Canada in issuing a special farm edition carrying greetings and messages from the business places in town to the farmers.

National Farm Week, June 15 to 21, has been set aside as the time to pay tribute to the farmers of Canada for the outstanding job they have done in the past few years in supplying the world with greater than ever quantities of wheat and other foods under difficult conditions. Despite shortages of machinery and man-power, the Canadian farmer has done an outstanding job, and this second annual agricultural edition of The Advocate is largely devoted to paying tribute to the farmers of this district.

Young Rifleman Outclasses Veteran Marksmen

(From Calgary Albertan) Following a pattern that has become a frequent occurrence at Sarcee Rifle Ranges recently—a green shot stealing the show from veteran marksmen—Virgil Smith of Vulcan on Wednesday afternoon, June 11, amazed fellow competitors by winning the Class "B" Greenshot spoon in his first introduction to an outdoor range.

Smith, who was brought up from Vulcan by Harold King so he could see what a properly equipped rifle range looked like, took a strange rifle and posted an 87 at 500 yards and a 79 at the even more difficult 600 yard range to win the class and post the seventh highest total of the day for all divisions.

The day's highest score at 500 yards was Seve Johnson's 94, with Bill McNab and Harold King close behind with 92's. Harold, who posted an 87 on the 600 yard range, placed third in the "B" class seniors, one point behind Johnson and McNab.

Pat Walker Is Olympic Prospect

A feature sports story in the Edmonton Bulletin of June 13 deals with the young men and women who are training at Edmonton for the Dominion Track and Field Championships on July 25 and 26, and includes an item about Pat Walker, son of Mr. and Mrs. Ross Walker of Vulcan. The Bulletin sports writer says:

"Paramount amongst the senior men is tall, tanned Pat Walker of Vulcan. Pat is studying agriculture at the U. of A. and he's keen to one day raise purebred Herefords, but he's spending this summer with the Edmonton Recreation Commission. Tipping the beam at 180 pounds, Walker tosses the javelin 150 feet and can heave the discus 133 feet. He seasons the weight sports with a dash of pole vaulting and clears the bar regularly at 11 feet 5 inches."

The track meet is being sponsored by the Edmonton Recreation Commission and Pat is one of a class of senior men's Olympic possibilities. Coach Gordon Higginson of the Edmonton team is confident that Pat will make a very good showing.

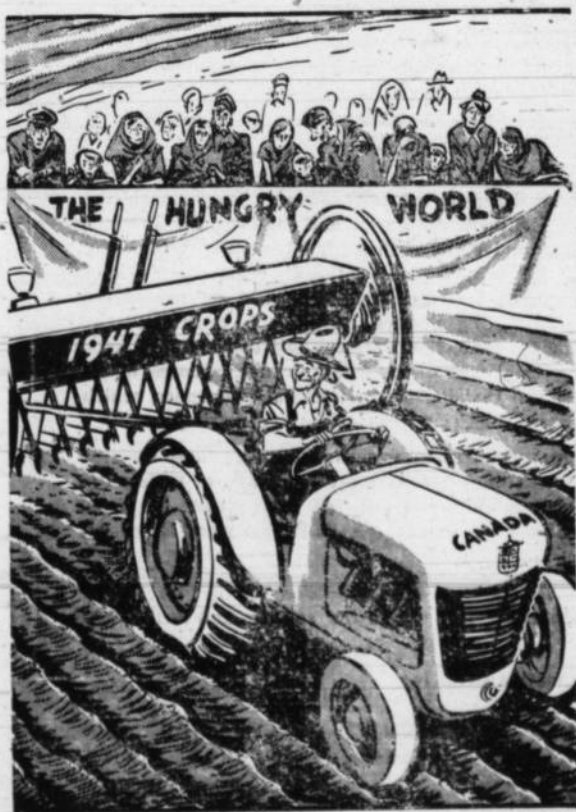

Ball Teams Take Short End Scores

The local senior baseball team opposed the league-leading Champion club at Vulcan Sunday afternoon. A good brand of ball was displayed, with the final score being 6 to 3 for Champion. Batteries were Siler, pitcher, and Hagg, catcher, for Champion, and Willard and Fulton, pitchers, and Matlock, catcher for Vulcan.

In a softball contest which followed the hardball fixture, the Kirkcaldy Kittens tamed the Vulcan Lions by a 17-4 score.

Sunday was a bad day for every Vulcan team, for at Nanton the local junior baseball team lost both games of a double-header on Sunday. At Brant last Friday the local Juniors defeated the Brant Juniors by a 10-3 score.

The Duke and Duchess of Windsor are now in Paris.

SALUTE TO AGRICULTURE

THIS is "Salute to Agriculture" week, and across the Dominion there are special observances calling attention to the importance and contribution of farm life to national economy. There will be speeches made stressing once more humanity's utter dependence on those who till and husband the soil.

Those who live in rural areas need no annual reminder of what agriculture means to Canada and to the world. They know the anxiety which attends the growing season, and they know that much of the happiness and health of the world depends on the productiveness of the land during the next few months. They know that the hardest labor may bring little return, and that the most skillful, industrious farmer cannot make the land yield, unless

Providence blesses his labors.

The current year is one which is rousing acute anxiety to those who view the national scene. The focal point of anxiety is eastern Canada where floods and rainfall have inundated farm lands, preventing normal sowing of crops. There will be greater call than for many years on the feed resources of the prairies in order to maintain the livestock population of the east. The prairies are in relatively favorable position, although considerably later in crop advance than for some years.

The situation across the Dominion this year emphasizes the inter-dependence of farm areas upon each other. The produce of the west will be needed to augment farm supplies of the east in order that commitments in butter, poultry and meat can be maintained. Each farm section of Canada has special crops in which it excels, and each is dependent upon production in another area. Farm interests are one and indivisible whether they be fruit growing in B.C., grain growing on the prairies, or livestock and dairy output of the east.

Agriculture is the basic industry of this country, meriting a salute from all other industries, and from those in every walk of life. Canada's place in world trade is established largely on agriculture, and the food needs of many a country are supplied from the labor and faith of the farm population of this Dominion. All elements of industry in Canada are interwoven with agriculture and dependent for their prosperity on what is happening on the land.

In saluting agriculture and the farmers of Canada, the people of this country are honoring the most substantial and permanent element of the population. They sow the seed, reap the harvests, feed the stock by which mankind lives.

Alberta population rose from 796,169 in 1941 to 803,330 in 1946.

Calgary is to become the passenger air line hub for Alberta on July 1, with 2 services daily to Eastern Canada, three to Edmonton and two to Lethbridge will be put in operation.

Crop disaster is the report of Ottawa respecting the outlook in Ontario, Quebec and New Brunswick. In Quebec only 5% of intended acreage had been seeded. In Western Ontario about 50% and in Eastern Ontario 5 to 20%. New Brunswick has about 40%. This will create a great feed shortage.

NEWS OF INTEREST

President Truman and family received a great welcome in their visit to Ottawa. The president said his hope was to solidify United States, Canada and Mexico into a solid continent of friendship.

Rev. A. Huband, president of the Alberta Conference of the United Church said the church cannot attract young people into the ministry on the poor stipends now paid. And churches are calling for ministers not more than 40 to 45 years of age. A minister does not mind modest salary, he said, but he will not choose a profession where he is washed up in the prime of life.

The Advocate staff cannot make a house-to-house canvass for news every week, but we are always glad to have it phoned or handed in. We want all the news and are just as pleased to mention your guests or your visits as those of your neighbors—but maybe your neighbors co-operated with us in getting the facts. Phone your items in or drop them in at the office—as early in the week as possible. Your co-operation will be appreciated.

Wayne Malnberg of Cardston sold an Appaloosa stallion "Mickey" to Cardston Rotary in 1944 for \$350. In a raffle Mickey made over \$8000 for Rotarians and was then taken to Spokane where he sold for \$980. Then he was sold to a Seattle man for \$3000, and it is reported he has been sold again for \$5000.

Returning To Backward East

(From High River Times)

Senator Dan Riley returned to Ottawa last Sunday evening after spending about ten days in High River. It is to be hoped that Ottawa and Ontario generally have made some progress toward spring during his absence, but news reports don't sound very hopeful.

People in High River have been complaining about the backward spring here, but when Senator Riley came west about May 20 he said High River was perfect in comparison with country he had passed through on his journey. He said that there was scarcely a sign of spring till he reached Bassano, and then things began to look better and better till he got to High River and here it was just right.

When he left Ottawa round May 19 there was scarcely a leaf on a tree (and this in a country where apple blossoms and lilacs should be in full bloom by May 24). You had to look close at any shrubbery to detect any sign of life, and other parts of Ontario were said to be similarly behind normal. Along the north shore of Lake Superior snow still lay in great drifts and the ice hadn't gone off the lakes. Even Winnipeg seemed dreary and winter bound. So by contrast, Southern Alberta looked like a garden.

Senator Buchanan, who travelled west with Senator Riley to Lethbridge, had a similar dark picture of the backward east, and considered that southern Alberta was extremely favored in comparison with many other parts of Canada.

ENGAGEMENT ANNOUNCED.

Mr. and Mrs. S. G. Nafziger of Vulcan, announce the engagement of their only daughter, Ruth, to Mr. Lavern Dye, son of Mr. and Mrs. D. L. Dye of Oids. The wedding will take place at the Bible Institute Baptist church, Calgary, on Friday, June 27th at 7 o'clock p.m.

the home of Miss Gladys Baden, Wednesday, July 2nd. At the conclusion of the afternoon a dainty lunch was served by the hostess.

Mr. and Mrs. W. Speer and family motored to Banff on Saturday where they attended the wedding of their daughter, Eileen, to Mr. W. Steer. Later they attended a reception held in Calgary.

Mr. and Mrs. Carl Herman of Cluny were week-end guests at the J. McRoberts' home.

WHAT DOES THE BIBLE TEACH?

Salvation is an important question to every thinking individual, and because men teach so many different things about it, we ought to look into the Bible and see what God has taught about it. After all, God is the one who makes the terms of salvation, and not man.

According to the Bible, God has done certain things for the salvation of man, and we shall note them as well as what man must do for himself. Eph. 2:8 says man is saved "by grace"; 1 John 1:7 says "by the blood of Christ"; Rom. 5:10 says "by His life"; 1 Cor. 1:21 says "by the thing preached"; Rom. 1:16 says "by the Gospel"; Acts 4:12 says "by His name"; and 11 Tim. 3:15 says "by the scriptures". On the human side, by the working of man, the scriptures say that man is saved by faith, according to Rom. 10:9-10; by repentance, Acts 11:18; by confession, Rom. 10:10; by immersion, 1 Pet. 3:21; by hope, Rom. 8:24. It would be a senseless thing to say that man could be saved without the blood of Christ, or without the mercy of God, or without the Gospel, or without immersion, or without any of the other things which are attributed to his salvation, whether it be faith, repentance, confession, or any of the rest.

God has done His part in saving man by being merciful to him, by sending His Son for death, by revealing His word, and the other things mentioned. He has now said to man, according to Peter, to "Save yourselves" (Acts 2:40), and according to Paul, He has said, "Work out your own salvation." Man has something to do. He is commanded to believe, repent, confess Christ, be immersed into the name of Christ. These are things which man is commanded to do. Thus to do any of them is not a work of merit, but a work of faith. They are contrasted in Rom. 4:1-5 and James 2:14-25. James asks the question, "If a man say he hath faith, but have not works, can that faith save him? He answers the question by saying, "Ye see that by works a man is justified, and NOT ONLY BY FAITH."

Foothills Health District

There has been a considerable number of cases of measles in the Town of Vulcan recently, which have not been reported either to their Doctor or to the Health District Office.

The Communicable Disease Regulations for Alberta state:

"Whenever a householder ascertains, or has reason to suspect that a person within his household or family is infected with any notifiable disease, he shall, within twelve hours, give notice in writing to the Local Board of Health."

Unless cases are reported it is of course impossible to make any attempt at control of the disease.

Anyone knowing of a case of measles, or any other infectious disease is requested to notify the Foothills Health District Office, either by letter or by phoning us at High River 8, collect. Please give the name, age and address of the case.

Free Services for Farmers

For the purpose of assisting the farmers of Canada to meet the economic problems with which they are constantly confronted and to carry on the industry of Canadian agriculture to the advantage of the nation as a whole, the Dominion Government has several millions of dollars invested in free services and facilities.

No other industry has at its disposal such a wide and varied range of services and facilities provided by the Government. They include the Dominion-wide system of Experimental Farms and Stations, the divisions of Dairy Research, Botany and Plant Pathology, Chemistry, Entomology and Plant Protection of the Science Service, the divisions of Health of Animals, Plant Production and Livestock with their field services of the Production Service, the Marketing Service, in which is centralized the administration of all grading services of livestock and livestock products, dairy products, poultry, eggs, fruit, vegetables, canned goods, maple products and honey, and the Division of Agricultural Economics, which serves as a fact-finding body concerning production and marketing.

Results of the research work and experiments of all these services of the Dominion Department of Agriculture are made known to farmers and the people of Canada generally through free publications, the press and radio, exhibits and other ways directed by the Publicity and Extension Division.

Those engaged in the industry of Agriculture, whether directly or indirectly, are invited to make full use of the services and facilities as outlined. They are free.

Farm Wealth How To Be Spent

An article in the Financial Post surveys the new buying power on Canadian prairies. Premier Garson of Manitoba estimated Manitoba farm income at \$251,564,000 in 1946. This is more than twice farm income in the twenties. Average income per farm is \$3,363.

Saskatchewan's farm income for 1946 will be about \$39,853,000, an average of \$2,875 per farm.

Alberta broke all records with a 1946 gross total of \$432,197,000. Because of smaller number of farmers than other provinces the average per farm was \$4,335.

In the three provinces farm debt has been reduced 72% since 1937.

"In the first world war farm incomes grew phenomenally, but at that time big incomes, and as much as could be borrowed, went into expansion. There has been no comparable expansion in land in the recent war, and equipment was not to be had. Surplus income went largely into debt extinction.

"The western farm borrower has now become a lender. Farmers are holders of Victory bonds, deposits are up, and they are reported to be feeling their way into purchase of investment securities.

"Standing on this financial watershed, with restricted buying behind him, and an expanding buyers market ahead, there are certain recognizable buying trends amongst western farmers.

"Labor scarcity is leading to ever greater mechanization. There is a greater backlog of orders for tractors, combines and other power machinery than ever was known.

"Next in importance will be housing materials for farm homes and for auxiliary farm buildings. Farm home building has lagged in the past 15 years and has now become urgent for many.

"Along with the demand for housing there is a lively market for fixtures and household equipment. The 1941 census showed that in the prairie provinces less than 80% of the farm dwellings were electrically lighted; less than 5% had bathroom facilities; less than 3% had flush toilets; less than 2% had vacuum cleaners. The corresponding figures for Ontario were 37.3, 10.7, 9.5, and 11.1% respectively. The position in the West has improved slightly since the 1941 census, but much greater changes, backed by real purchasing power are in the making.

"Almost every type of electrical equipment is in prospect, particularly where rural power schemes are in prospect or promised. Furniture also has become a major need.

"But men who spent some of their best years in relief camps have caution indelibly engrained. Farmers too, know the uncertainty of export markets. Such people are not going to spend to excess nor deplete all their reserves.

"Another brake on spending is the fact that the farmer is incensed at rising costs. He was a great supporter of controls. His own income is largely limited by export marketing agreements. He feared that a relaxation of controls would raise the price of everything he had to buy with no compensating increase in what he had to sell. The worst has happened.

The farmer is squeezed between industry's greed and labor's demands. His retaliation may be in sales resistance, with signs already evident. It is predicted that fewer higher priced cars will be sold in the west than the present volume of buying power warrants.

"Farm buying will present a roaring demand for some classes of goods, lack of which impose handicaps in farm work or living. For other classes of goods intended for farm consumption, dealers will have to present lower price lists or a higher degree of persuasion if the present high level of spending is to continue.

Barley Entry Date Postponed

A late and unfavorable seeding season has made necessary an extension of the final entry date for this year's \$25,000 National Barley contest sponsored by the brewing and malting industries.

Chairman of the contest committee, T. J. Harrison, announces that the date for receiving entries has been extended from June 15 to July 15.

Entry forms are to be mailed as previously announced to the chairman of the provincial committees, in Manitoba to N. C. MacKay, department of agriculture, Winnipeg; in Saskatchewan to S. H. Vigor, Saskatchewan Field Crops Commissioner, Regina; and in Alberta to A. M. Wilson, Alberta Field Crops Commissioner, Edmonton.

Contestants in the Peace River Block of British Columbia should mail their entries to Mr. Wilson at Edmonton.

The Hays dairy herd, composing 360 head of Holsteins will be sold at the Toronto Exhibition grounds

Ceiling Free And Ration Free

Food freed from price control on June 10 included honey, butter, cream cheeses, milk products, ice cream, salt, fresh apples, dates, canned or frozen peas, cherries, piums, canned soups, poultry and poultry products, marmalades, jams, jellies (except strawberry and raspberry jams).

All jams, jellies, honey and butter are removed from ration control.

Price ceilings are also off dressing gowns, and many cotton garments; towels, window blinds, floor rugs and mats of cotton; crochet yarns, dress and curtain nets and netting.

Agricultural equipment removed from ceiling-price are brooders, incubators, and such poultry equipment; also hay. Free from control are fireplace heaters, hardwood, plywood of hardwood and hardwood veneers. The final control is now suspended on newsprint.

Price control is removed from meals and refreshments in all eating places. Boarding houses still remain under control when room and meals are supplied on combined charge.

George Bernard Shaw endorses Henry Wallace for president of U.S.A. in 1948.

We Salute You Mr. Farmer!

This is your week so we will not mention "HAIL" but please check over your policy and see that description, Sec., Twp., and Range is correct.

Our Tribute to Vulcan Farmers

In this issue we take pleasure in joining in the "Salute to Agriculture" knowing full well what the Western Farmer means to Canada and the world at large.

Our Way of Saying Thanks

We are more than pleased to announce that we are in a position to offer greater profits to the Vulcan District Farmers in delivering his wheat to the Vulcan Flour Mill. At present a new air dump scale is being installed.

We also have a complete line of feeds thus making available to our farmer friends a low cost method of feeding their stock.

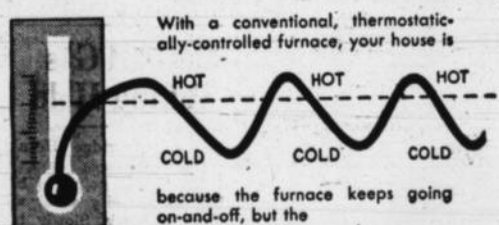

Progressing With Vulcan

Keeping in trend with general progress we have been renovating our mill to keep in step with advancement in the milling industry.

We want Vulcan to feel proud of this industry and every effort is being expended to this goal.

Vulcan Flour Mill Co.

W. Sorger, Proprietor

With a conventional, thermostatically-controlled furnace, your house is

HOT HOT HOT
COLD COLD COLD

because the furnace keeps going on-and-off, but the

NEW ^{low cost} DUO-THERM AUTOMATIC FUEL OIL FURNACE

works on an entirely different principle that ends this heating evil. Here is an efficient, economical furnace that keeps your home

ALWAYS COMFORTABLY WARM

— always within a whisper of where you set the thermostat because of the constant STRAIGHT-LINE TEMPERATURE CONTROL created by this exclusive 4-feature combination:

1. Duo-Therm's Exclusive Dual Chamber Burner
2. Duo-Therm's Exclusive Comfort Selector
3. Duo-Therm's Heat-Anticipating Thermostat
4. Duo-Therm's Quick-Transfer Heat Chamber

— Come in and see these amazingly low-priced, economically operated Duo-Therm Fuel Oil Furnaces! —

Pertinent Topics Discussed by H.C.

What is known and related now of Russian diplomacy is not a revelation, and its chief characteristic is not a recent development. "He lies like a Russian diplomat" was a common saying in Czarist days. The only difference is in the quality of the product. It was more suave and diplomatic then—not the rough uncultured stuff of the proletarian bosses. Bismark discovered sixty years ago how to deceive those Russian diplomats. It was by telling the truth.

It must have been pretty tough for the man of blood and iron to stoop so low as to tell the truth and it must have gone against the grain. Generally he knew how to appraise an adversary and what weapons he should choose for combat. He made one mistake when he described Lord Salisbury as a lath painted to look like iron. The only time Salisbury lived up to the description was when he gave up Heligoland, but who could have foreseen then that it was desired by Germany as a base from which to assail the donor?

Those who reason with us that we strive to understand Russia may mean well, but if they ask us to trust Russia's rulers they had better revise their own understanding in the light of history. In Czarist days the government of that country was described as an autocracy qualified by assassination. The Czars have gone but more ruthless tyrants have taken their place but acting in the dual capacity of assassins and autocrats Kipling knew the breed and warned us not to trust them. They've done nothing since to prove him wrong. They've overlooked nothing to prove him right.

Soviet technique is so patent that anyone fooled by it deserves to be duped. The coup by which it bags Hungary, Bulgaria and Roumania is followed by an offer from Gromyko to accept the American proposal of inspection of atomic plants and weapons, which inspection the Soviets had stubbornly resisted. The proposal should be withdrawn with the explanation that so many things have happened since to destroy American confidence in any such acceptance unless they first revert to the status quo at the time when the American proposal was made.

Another feature of Soviet technique is displayed in Ambassador Zariubin's complaint that several Embassy properties in London have been raided apparently by spies. This may help explain why the Kremlin wanted Zariubin, who was head of the Russian Embassy at Ottawa when the espionage story broke, to be promoted to the higher post in London. It would be so nice to

have him personally forward the protest. Of course the raiding may have been done by Soviet agents. Did not four of them break and enter Goushenko's apartment at Ottawa?

This characteristic incident may help explain why the Soviets promoted Zariubin from Ottawa to London but it does not answer Solon Low's inquiry as to why he was accepted by London without protest from Ottawa.

Mr. Coldwell made an inquiry the other day that won't be answered either. He asked why Mr. King who rejected Britain's request for air-training schools and fields in Canada nine years ago should have so readily accepted a similar request when made by the United States.

Prime Minister King certainly runs in luck. What a piece of good fortune it was to have the President of the United States visiting Ottawa on the very day when the P.M. and his party were celebrating his twenty years service as government leader! What a piece of good luck it was also to have the Governor-General and the President there when his own portrait was being unveiled in the parliament buildings! One critic accuses him of stealing the show, but what could he do about it? He could not well shift his anniversary because of the President's visit.

An American correspondent thinks it was in questionable taste for the P.M. to recall how badly the President's party was beaten in the Congressional elections last November. But he had to do it to pave the way for this bit of solace for the President. "I too have had to face situations not wholly dissimilar. It may serve as a note of encouragement to you when I say I have yet to find that such embarrassments are a bar to many years of office."

One of the reasons given by the Hungarian Premier was that he had entered into a conspiracy to overthrow the government. This is absurd enough but Communist leaders can invent and circulate stories still more absurd before their devotees all over the world will show symptoms of skepticism. If they had got hold of the Premier they could have got him to confess that he actually did conspire with others to overthrow his own government. In exile he can afford to deny it, and he does.

If a crop failure, owing to unfavorable spring weather, occurs in eastern Canada, Hon. James Gardiner says the west will be asked to supply all feed grain possible.

Hutterites are reported to be interested in land in B.C. to which they might transport a part of the Rockyford colony. They are seeking 3000 acres in central B.C. and also land on Vancouver Island.

A. P. Grant, Sec.-Treas.,
Macleod School Division No. 28,
Granum, Alberta.

It's Long - it's Low - and you'll love it!

Young or old, you thrill to the sparkle of its massive grille, easily, clearly, the smartest on the road.

Grandson or grandpa, you take in the flowing sweep of those follow-through fenders—and unerringly spot in them the style-note destined to key the whole trend of car design.

Note that bonnet . . . sturdy, streamlined cradle for a massive Fireball valve-in-head straight-eight that wakes with a purr, pulses with power, fairly pleads for the privilege of taking you places.

Take in the great and gracious room so cunningly provided under sweeping roof lines . . . the wide, deep-cushioned seats. Watch a Buick on the road—marvel at the down-to-earth

sureness of low-slung weight, the easy rippling stride of a car cradled all around on soft coil springs.

Handling? A dream. Controls? Light as a kite. Value? March a Buick point by point against the field. Nowhere today does a dollar buy a bigger measure of fineness and quality—or as great assurance of long and happy returns on your investment.

So many people want Buick, and only Buick, that the demand continues far ahead of our ability to deliver. But this big, brawny beauty deserves your last ounce of patience . . . so while you wait, depend on your Buick Dealer's expert service to keep your present car on the road.

Bottled Gas Taking Hold

(Lethbridge Herald)

One of these days the farm housewife is going to be able to look at her city sister without so much of envy. Slowly but surely science is catching up on the farm front and all the gadgets of the household which have eased the burden of the town housekeeper will soon be available in the farm home.

These days in some South Alberta communities, the farm wife gets up in the morning, lights the gas in the kitchen range, goes to the gas refrigerator and finds all the ingredients for breakfast. Hot water from a water system provided by electricity gushes from the gas-heated water heater, and the electric toaster goes into action.

The latest innovation is the farm gas supply. It comes by the bottled gas route. Waste gas, and we have had lots of it in Alberta since Turner Valley oil fields began to develop over 30 years ago, is now being liquefied and put up in metal cylinders. The farmer sets up a couple of these outside his house, installs gas appliances in the kitchen and turns on the gas. When one cylinder is empty he turns the tap on the other and takes the empty one to town, turns it in at the service station and takes home a new one. It costs a bit more than coal or wood but it saves a lot of back-breaking work for the farm housewife. It will operate an electric refrigerator, heat a room by means of a small gas heater and keep the water in the water tank hot.

We're glad to see these happenings on the farm home front. They've been getting the worst of it far too long.

Despite protests of United States and Britain Soviet Russia is conducting a political purge in seven European countries.

BREWING INDUSTRY OF ALBERTA

D.D.T. Helps In Production

Small flies that worry cattle and cut deeply into milk and beef production can now be controlled. J. L. Eaglesham, Supervisor of Pest Control for the Alberta Department of Agriculture, says that the new insecticide DDT spells comfort for cattle and doom for flies.

Officials of the United States Bureau of Entomology and Plant Quarantine carried out field tests with water sprays of DDT and their results show almost unbelievable gains of beef. On a Kansas ranch they sprayed 601 head of beef cattle with DDT and compared them with untreated cattle. The treated cattle (they received three treatments during a 60-day test period) showed extra gains of 1202 pounds of beef for each pound of DDT used. A second test produced 1285, and a third 2306 pounds of additional beef for each pound of DDT.

Every summer our Alberta cattle suffer severely from blood-sucking flies, and it is reasonable to assume that if they were sprayed there would be quicker beef gains and more milk. This another case of greatly increased profits from small initial costs.

Just a word of warning—an oil solution of DDT will harm your cattle, so be sure to use a water solution.

New Wonder Drug Looming

(From High River Times)

A paper given by Miss V. M. Wakefield at a meeting in Gladys, outlined some of the results obtained by the new drug streptomycin. It is said that the new wonder drug picks up where sulfa and penicillin leave off, opening up a new curative field.

The discoverer Waksman, was born in Russia, coming to this country in 1910, and secured his Ph. D. from University of California.

The first step toward the discovery of this drug came through Dr. Dubos of the Rockefeller Institute of Medical Research, who sought a soil microbe that could combat pneumonia and such infections. He succeeded and this led research men to study the use of another soil microbe, the green mold from which we now have penicillin.

These discoveries led Dr. Waksman to believe that other soil microbes might combat cholera, typhus fever and dysentery. Since the amount of soil he could hold on his thumb nail might contain 8 million different varieties, his task was stupendous. He devised techniques to simplify his job, and in 1943 found a soil microbe that seemed exceptional. The extract was named Streptomycin. It was found that mice could stand enormous quantities with no ill effects, and it was found to have electric qualities. Then 50 researchers of the Merck Co. laboratories in New Jersey went to work on further study.

It was given in a burst appendix case, top cause of death to soldiers, with excellent results.

It was administered to 66 patients suffering from urinary tract infections, and within two hours bacteria began to disappear from the urine, with fever then dropping to normal and recovery.

It was then tried by Philadelphia doctors on typhoid fever, with fine results.

In successful treatment by the mouth for food poisoning it was found that it is not acted upon by stomach juices as in penicillin.

A form of undulant fever, caused through use of unpasteurized milk gave equally promising results when treated with streptomycin. The same drug used to treat Bangs disease gave remarkable results. Similar results were experienced in use for intestinal ailments of pigs, and shipping fever of cattle.

Dr. Waksman found the tuberculosis microbe extremely sensitive to the drug. It appears to be powerful in attacking the cause of middle ear infections and mastoiditis. It is effective against whooping cough, urinary infections, dysentery, food poisoning, eye infections, etc.

Merck and Co. are spending more than 3 million to produce the drug. Other companies are following in line. A problem is that the microbe is hard to grow and as it grows it drops its drug, streptomycin into the liquid. Fifty gallons of broth provide only enough drug to treat a single typhoid patient for one day, but this is being improved upon.

A Jewish society in United States has asked the state department at Washington to bar entry or Norman Jaques, M.P. for Westsikiwi into U.S.A. The charge is that he is a notorious anti-semitic who has abused the privilege of entering U.S.A. by stirring up racial and religious tension. Mr. Jaques in Ottawa, says these anti-defamation leaguers are a part of the Zionist terrorists making trouble in Palestine.

SALUTE TO AGRICULTURE

In this issue we take the opportunity of paying honor to the producers—the men who really count in this western land—the farmers and livestock men. Back of all our progress and prosperity lies the work and toil and pioneering of the men of the land. We honor them.

MEDICINE HAT ALBERTA

Dr. Cowan of Hamilton, addressing the Presbyterian assembly in Calgary, attacked movies "glutted with obscenity," destructive literature and adult radio programs as playing a part in moral breakdown. He felt that the rising divorce rate was due to bad home training 20 and 30 years ago.

The worst spring floods in 71 years have been sweeping down the Ottawa Valley putting industry out of production and bringing

great evacuation.

Red Deer school division will have a composite high school. Twenty buildings from the former are for class rooms and dormitories.

It's so easy to handle!

"No masculine muscles needed to drive a Chevrolet! The gearshift on the steering column lets me shift gears with one finger—without shifting my grip on the wheel. And because every control responds so readily to the lightest touch, I can drive a Chevrolet all day long without strain or effort... park it quickly and conveniently whenever I choose."

It's so beautiful!

"If you're like me—if you value appearance—you'll lose your heart to the winning charms of Chevrolet. You'll love its long, sweet lines, its roomy and luxurious interior, its rich upholstery. It's truly the most beautiful car we've ever owned."

It's so trouble-free!

"I never worry about delays or unexpected breakdowns in inconvenient places... now that I drive a Chevrolet! I wear my smartest, gayest costume, my most frivolous shoes—knowing I can depend on Chevrolet to carry me over good roads and bad, mile after mile, month after month, with never a need for even a minor repair."

It's CHEVROLET!

Yes... it's Chevrolet... the car that offers Big-Car quality at low cost. You'll recognize this Big-Car quality in Chevrolet's Big-Car beauty, Big-Car comfort, Big-Car safety, and in the many vital features found only in Chevrolet and higher-priced cars. And every model brings you the great plus value of Chevrolet's traditional economy of operation and low cost of maintenance.

The growing demand for the new Chevrolet is setting an all-time record. We cannot hope for many months to fill all the orders pouring in. If you are among the many who have set your sights on Chevrolet's Big-Car Quality at Low Cost, we suggest that while you wait, you rely on your Chevrolet Dealer's service to keep your present car running smoothly and safely.

Items From Bob Edwards' Inimitable "Eye Opener"

In the High River Eye-Opener of July 30, 1904, Bob Edwards takes a few stabs at Alberta scenes and characters, but he saves his real punch for a diatribe against Joe Seagram and his whiskey. The Eye Opener will no doubt lose the Seagram whiskey ad. He has very warm and kindly things to say about the family doctor in whom the patient trusts. He can have a man on his feet and ready for the horse races just by his cheery manner

Earl Grey visited Nelson, B.C. and was received with great enthusiasm. Nelson people are so excitable.

We notice that even Olds is laughing at Calgary's 100,000 Club button. They say it looks like a popcorn prize. That is pretty tough.

For a hurry up farce comedy the Calgary council proceedings could not be improved upon. When there is nothing on at the Lyric, the people of Calgary should go to the council meetings. Admission free. Don't miss the opening chorus.

In the Presbyterian church next Tuesday at 7.30 the well known Patagonian missionary, Rev. John Moseley will lecture on the Canadian Conservative party as observed by the cannibals of South America. Collection in aid of manures for the Sarcee Indians.

Don't let the real estate sharks get you on the Tofield subdivisions. Tofield, the city proper, may be all right. But beware of subdivisions. That is unless you have made arrangements with the Almighty to live to be 200 years of age.

The unco guid of High River must envy us our shady character in this hot weather.

How to Avoid Snoring

We find ourselves a confidante in many intimate matters. "Nora" writes us inquiring how to avoid snoring. Our advice Nora darling, is don't sleep with your mouth open. When you find yourself doing so, get up and shut it.

Seagram's Whiskey

We consider Seagram's whiskey to rank very high amongst the numerous poisons now on the market. Not that it is any worse than most whiskeys, but since it is the most drunk, it creates more havoc in the country. It has put more men in their graves than a corps of census sharps could enumerate in a year. Seagram's wealth is built on the folly of others, and each of his race horses represents a hundred or more wretches who have come to sad end through an overplus of rot gut. We have no more respect for a man in Joe Seagram's position than for Radcliffe, the hangman, or the men Radcliffe hangs. They are all in the killing business. We ourselves have helped Seagram buy too many of his fast horses and so has almost every fool of our acquaintance.

The Road to Health

We believe there is a good deal in this much disputed question of mental medicine, though perhaps it isn't so good with microbes. In ordinary sickness the manner of the doctor cuts a very wide swath with the patient. How wistfully does the sick person lying in bed regard the doctor, sizing up his case. Let the doctor look grave and wag his head and begin writ-

ing things on slips of paper and it is all up.

If you don't get worse you won't get better.

But if he comes into your room like our doctor here, with a breezy smile, and tells you that you'll be all right by morning, that there's nothing the matter with you, that there's a horse race coming up and you can easily go if you take one of these little pills every hour—then you are pretty sure to be up and doing next day.

It's far more important to have confidence in your physician than that he should know anything about your case. A bread pill and trustful imagination work wonders. When a sick man begins to dissect himself he is soon qualified for the bone yard. The carpenters

can start on his coffin. Were we called upon to name a prolific source of suggestion we might mention newspaper literature relating to disease. The law of suggestion is the most important factor in man's mental makeup.

(Footnote—The doctor to whom Bob Edwards refers as entering "with a cheery smile" is Dr. G. D. Stanley, who put Bob back on his feet on many occasions).

ELKS' CONCERT PARTY

Vulcan Lodge, B.P.O.E., regret that this concert party will be unable to appear in Vulcan. Those who have purchased tickets may have their money refunded by turning tickets in at place of purchase.

Our good friend, the Western Farmer is called on again to help produce the food to feed a hungry world

As in the past he will again do more than his share.

As a tribute to the Canadian Farmer we say, Well Done!

IMPORTANT GOVERNMENT NOTICE Respecting Price Control

The following list is a convenient summary of the Wartime Prices & Trade Board Order No. 737 and is published for the protection and guidance of the public. It does not give the full text of the Order. For full details reference should be made to the Order itself.

CLIP THIS AND KEEP FOR EASY REFERENCE

Summary of GOODS AND SERVICES REMAINING SUBJECT TO MAXIMUM PRICE REGULATIONS

As set forth in Wartime Prices & Trade Board Order No. 737—effective June 9, 1947

FOODS

- All flours, flour mixes and meals.
- Yeast.
- Bread, bread rolls, and bakery products.
- Biscuits, except those completely covered with chocolate.
- Processed cereals, cooked or uncooked, including breakfast cereals, macaroni, vermicelli, spaghetti, noodles and other alimentary paste products.
- Rice, excepting wild rice.
- Pot and pearl barley.
- Shelled corn, but not including popping corn.
- Dried peas, soya beans, dried beans except lima beans and red kidney beans.
- Starch.
- Sugar, sugar cane syrups, corn syrups, grape sugar, glucose.
- Edible molasses.
- Tea, coffee, coffee concentrates.
- Malt, malt extract, malt syrup.
- Black pepper and white pepper, and substitutes containing black or white pepper.
- Salad and cooking oils.
- Raisins, currants, prunes, dehydrated apples.
- Tomatoes, tomato sauce, tomato paste, tomato pulp, tomato puree, tomato catsup, chili sauce, when in hermetically sealed cans or glass.
- Canned pork and beans, canned spaghetti, macaroni and vermicelli.
- Canned corn, canned field beans excluding the lima and red kidney varieties.
- Canned apricots, canned peaches, canned pears.
- Fruits and vegetables in the two preceding items when frozen and sold in consumer size packages.
- Strawberry and raspberry jams, and any jam containing strawberries or raspberries.
- Meat and meat products, not including game, pet foods, and certain varieties of cooked and canned meats.
- Sausage casings, animal and artificial.
- Canned salmon, canned sea trout, canned pilchards of the 1946 or earlier packs.
- Edible animal and vegetable fats including lards and shortenings.

CLOTHING

- Men's, youths' and boys' coats, jackets and windbreakers made wholly or chiefly of leather.

- Men's, youths' and boys' suits or pants made wholly or chiefly of cotton or rayon.
- Men's, youths' and boys' furnishings as follows:—blouses; collars; pyjamas; nightshirts; underwear, other than that made wholly or chiefly of wool; shirts, including sport shirts other than those made wholly of all-wool or all-rayon fabric.
- Women's, misses', girls', children's and infants' garments of all kinds (but not including—(a) garments made wholly of all-wool fabric, (b) raincoats, (c) jackets and windbreakers, except when made wholly or chiefly of leather, or (d) dressing gowns).
- Knitted wear for either sex as follows: undergarments, other than those made wholly or chiefly of wool; circular knit hosiery of cotton or rayon.
- Work clothing, including aprons, for either sex, when made wholly or chiefly of cotton or leather.
- Uniforms for either sex.
- Gloves, gauntlets and mitts for either sex when made wholly or chiefly of cotton or leather, except those designed as specialized sports equipment or for specialized industrial uses.
- Brassieres; foundation garments, but not including surgical corsets.
- Diapers and diaper supports.

HOUSEHOLD AND OTHER TEXTILES

- Textile products as follows, when made wholly or chiefly of cotton or rayon: bedspreads; blankets, except horseblankets; dish towels; face cloths; luncheon sets; napkins; pillow cases; sheets; silence cloths; table-cloths; throw-overs; towels; wash cloths.

HOUSEHOLD EQUIPMENT AND SUPPLIES

- Furnaces and other heating equipment, except portable electric heaters, fireplace heaters, grates, and baskets therefor.
- Jacket heaters and other water heating equipment.
- Soap and soap compounds.

MOTOR VEHICLE ACCESSORIES

- Pneumatic tires and tubes when sold for the purpose of or as original equipment on agricultural machinery.

CONSTRUCTION PRODUCTS

- Poplar (aspen, balsam and cottonwood) and soft wood lumber of all kinds.
- Softwood veneers.
- Plywoods not wholly constructed of hardwood.
- Millwork such as doors, sashes, windows, stairs and gates, but not including screen doors or window screens.
- Pre-cut soft lumber products designed for use in residential or farm buildings, but not including fully pre-fabricated buildings.
- Gypsum board and gypsum lath.
- Wallboards and building boards.
- Cast iron soil pipe and fittings.
- Nails.

AGRICULTURAL MACHINERY, IMPLEMENTS, EQUIPMENT AND SUPPLIES

- Practically all items of farm machinery, including planting, seeding and fertilizing equipment, plows, tillage implements and cultivators, haying machinery, harvesting machinery, tractors, wagons, dairy machines and equipment, sprayers and dusters.
- Articles of barn and barnyard equipment.
- Stationary gas engines.
- Harness and harness hardware.
- Barbed wire and other fencing wire and fences.
- Binder twine.
- Wheelbarrows.
- Feeds and feed products of all kinds except horse meat, pet foods, hay, straw, clam shell and poultry grit.
- Fertilizers of all kinds, but not including humus, muck, manure, sphagnum moss or peat moss.
- Gopher poisons.
- Seed field beans and seed field peas.
- Grains as follows:—wheat; barley; oats; flaxseed; buckwheat; rapeseed; sunflower seed; grain screenings.

RAW AND PROCESSED MATERIALS

- Basic iron and steel products and alloys including pig iron; cast iron and steel scrap, ingots, bars, plate, rods and wire.
- Primary and secondary tin and alloys containing more than 95 per cent tin.
- All fats and oils, including Vitamin A oils, of animal, vegetable or marine origin but not including refined medicinal cod liver oil and core oil.

- Glue stock, glues and adhesives of animal origin.
- Starches.
- Fibres, raw or processed, as follows: cotton, jute, sisal, all synthetic fibres and filaments excepting glass.
- Yarns and threads of, or containing any of the fibres listed above.
- Fabrics over 12 inches in width, in any state, whether knitted or woven, containing over 25 per cent by weight of the yarns and threads referred to above, including corduroy, but not including other pile fabrics.
- Elastic yarns and fabrics.
- Hides and skins from animals of a type ordinarily processed for use as a leather.
- Leathers of all kinds, other than synthetic leathers.

PULP AND PAPER

- Wastepaper.
- Wood pulp, except (a) dissolving grades, (b) "alpha" grades of bleached sulphate, (c) "Duralcel", (d) groundwood and unbleached sulphite grades sold for the manufacture of newsprint or hanging paper.

CONTAINERS AND PACKAGING MATERIALS

- Containers, packaging and wrapping devices of a type used for the sale or shipment of products, when made from a textile fabric and including bags, cases, envelopes, folders and sacks.

SERVICES

- Transportation of goods and services associated therewith.
- Warehousing; dry storage of general merchandise and household goods other than wearing apparel; cold storage, including rental of lockers and ancillary services such as processing charges in cold storage plants.
- The supplying of meals with sleeping accommodations for a combined charge, except when supplied by an employer to his employees, directly or through a servant or agent, or by a hotel as defined in Board Order No. 294.
- The packing or packaging or any other manufacturing process in respect of any goods subject to maximum prices, when performed on a custom or commission basis.

USED GOODS

- Used bags and used bagging and baling material.

Any material shown above processed for incorporation into, or any fabricated component part of any of the above goods is subject to maximum prices. Also any set which contains an article referred to above is subject to maximum prices even though the remainder of the set consists of articles not referred to.

Prof. Hoving 1600 Mile Planes

The following story appearing in the June 4 issue of the Calgary Herald, relates to Prof. Albert Hoving, inventor-industrialist, who has bought land north of High River for building a factory. According to the interview with the Herald, Mr. Hoving is experimenting on aircraft capable of 15,000 miles an hour.

This is the Herald story—
"A Calgary man reported Tuesday that he is negotiating with War Assets Corporation for the purchase of 37 Lancaster bombers from Penhold for experiments, which if successful, would see the development of a radical type of aircraft of his own design which he claims would fly at 1,500 miles an hour.

"Albert Hoving, local industrialist and inventor, will tear the lanes down, make unorthodox structural changes, and perhaps add radical engines of his own design in an effort to reach supersonic speeds.

"The speed will be possible," he told The Herald, "because the plane will have no wings."

"Mr. Hoving said that since the main factor preventing supersonic speeds to date was the hammering turbulence of air on the wings of an aircraft approaching the speed of sound, he intended to eliminate the wings and any similarity between the shape of the fuselage and the wing.

"The Hoving plans would be essentially a helicopter. Although helicopters at present have at the most only two engines, the Calgary inventor's machine would have four. The engines would be mounted, two on each side of the body, at the front and back of the aircraft. Propellers on opposite sides of the fuselage would rotate in opposite directions.

"The conventional Lancaster fuselage will be rebuilt with a flat roof. This will spoil any airfoil effect of the fuselage.

"Stubby wings will be built into the aircraft for stabilization, but they will have no lifting powers. When not in use they will telescope into the body.

"Although the plane could be used for military purposes its designer intends it strictly for cargo use. It will be built to operate most efficiently at its supersonic speed at an altitude of about 12,000 feet.

"The construction will begin in a large plant which Mr. Hoving will build at High River. He has purchased a large tract of land there which will be used for the plant, houses and landing field. Large quantities of material and building from the former air force station at Vulcan will also be bought for the scheme.

Short Course June 16 to 21st

The Alberta Department of Agriculture has announced a new Short Course of one week in practical agriculture at the Schools of Agriculture located at Olds and Vermilion. The time set at both schools is June 16th to 21st.

The course is designed for young men on the farm who may either be working at home with their parents or running their own farms. There are no admittance restrictions other than a minimum age limit of seventeen years. Classes will consist of talks, demonstrations and discussions that will be helpful in meeting many of the routine problems of farming. There will be discussions of soil types and tillage methods, crop varieties, weed eradication, the farm livestock programme, modern farm machinery, the farm workshop, and some basic principles of farm management. Inspection trips over the demonstration plots, the farm, orchards and school grounds, will supplement the class work. In the evenings there will be social and recreational activities.

The only costs are those for travelling and for living expenses. Comfortable accommodation is provided in the School Dormitory at a flat rate of \$1.50 per day. Application should be made at once since classes will be limited to the first sixty applications received at each school. Application forms and full information can be obtained from District Agriculturists or from the principal of the Schools of Agriculture at either Olds or Vermilion.

Dubbed "the father of the year" is Richard Toomath of Toronto who has had 25 children, 20 of whom are living. Toomath is 83 and an Irishman. 21 of his children were born in Ireland.

Two people were killed and two injured at Calgary on May 22 at 7 a.m. when the car they were driving collided with a C.P.R. passenger train. They were apparently returning to the city. The killed were Rita Lees and Earl O'Leary. The injured were Doreen Fanning and I. Aisenstat who is a livestock buyer. Miss Fanning was the driver.

to save **Life**

Somewhere, on a hospital cot, someone's life is slowly slipping away.

That life can be saved. That man, or woman, or little child can be welcomed back with tears of joy by friends and loved ones.

You can be the means of keeping this thread of life from breaking. Your blood can help someone to live who otherwise would die. For blood is life itself. Will you donate your blood to the Canadian Red

Cross Blood Transfusion Service?

This great new civilian Blood Transfusion Service has been opened by the Red Cross to provide whole blood and plasma, FREE... not even a Hospital Service charge, to all hospital patients in Canada who need it.

No greater gift can you ever give—for blood is life itself.

Contact your local Red Cross Branch or clinic, and say—"Yes, I will be a donor."

Give blood that others may live

Red Cross Blood Donor Clinic

The Red Cross is continuing the blood donor service carried on during the war, this time for civilian needs. It will be conducted on lines somewhat similar to those which proved satisfactory during the war. There will be mobile clinics in operation with donors from every community informed on date of arrival.

This National Blood Transfusion Service is said to be one of the greatest life-saving projects of peace time ever undertaken by the Red Cross. It is the Red Cross aim to ensure that no one in Canada need die for want of a blood transfusion.

The plan involved establishing a nationwide service of blood collection from voluntary donors. The sole requirement is that the hospital will use this blood for transfusions free with no charge to any patient needing it. Ultimately it is hoped to furnish every doctor with emergency supplies of dried plasma.

Adequate facilities will mean the saving of many lives affected with many types of ailments.

Initial outlay of \$1,000,000 is involved in this plan. When in full operation in all hospitals it will cost between \$750,000 and \$1,000,000 yearly to maintain. It will be set up in one province at a time till the whole country is covered.

Arrangements in respect to collection of blood from volunteer donors will be the work of local branches of the Red Cross. The mobile teams of doctors and nurses will move from town to town. Individual donors will not be asked to give blood more than two or three times a year.

250 Scouters At Giant Rally

Contests and Awards For Outstanding Work at Big Annual Event of Foothills Scout District

With ideal weather prevailing, 250 Scouts and Wolf Cubs of the Foothills district joined in a giant rally in the High River park Saturday, June 7th. The towns of Nanton, High River, 1st 2nd 3rd and 4th Oilfields, Vulcan, Brant-Ensign, etc. were all represented.

The first event was the March Past with Mr. Thomas Betton, District Commissioner, Mr. H. Nixon, president of the Foothills Scout Association, and Mr. J. M. Keith, Turner Valley Ass't Cub Com., all taking the salute, following which the scouts and cubs march into the "Horseshoe." Mr. Tommy Logan president of the Group committee welcomed the visitors, saying "We sincerely hope that all will enjoy the day and return home with many pleasant memories of their visit to High River."

Competitive work on Scout and Cub training were then shared by all. A first class award for overnight camping competition was won by the Brant-Ensign troop.

During spare time games between all visiting troops were played. In the evening a "Council Fire" was held with 300 visiting Scouts and Cubs present.

The following awards were presented:

The Conklin cup for senior St. John's Ambulance, to the 1st High River First Aid team, including Milton Stroud, George Crowhurst, Marvin Palmer, Gerald Forrest and Lloyd Briggs.

This year in order to encourage Junior First Aid in this district, Mr. and Mrs. Thomas Betton, Commissioners, presented a silver cup which was won by the 2nd High River troop including Jim Heywood, Trevor Pierce, Bobby Beingsner, Harold Fowler and James McKeage.

Certificates for "Tender Pad" tests went to High River pack. Certificates for First Star went to 1st Oilfields pack. Second Star test to 4th Oilfields pack. "Bone" for the best Cub spirit and sportsmanship went to the 1st Vulcan pack. Certificate for Tenderfoot Scouting to the 4th Oilfields troop. Certificate for 2nd class Scouting to the Brant-Ensign troop. First class certificate to the 1st High River troop.

The bronze arrowhead certificates went to 31 Scout patrol leaders of this district for credit in the Patrol Leaders course held in High River last Easter.

The Scouts badge is the arrowhead which shows the North on a map or compass. It is the badge of the Scout in the army, because he shows the way; so too, a peace scout shows the way in doing his duty and helping others.

CRASH VICTIM

Champion and District

The Village of Champion has
leased the airport about 34 miles
southwest of the village from the
provincial government, with the
idea of making it a centre for golf
and other sports.

Mrs. E. Siler spent the past
week visiting at Calgary.

Mr. and Mrs. W. Everson were
visitors at Lethbridge during the
week.

Mrs. W. McIntyre spent last
week visiting at Staveley.

Mrs. G. Voisey and son, Leonard,
were Calgary visitors this week.

Emery Mueller will leave this
week for Medicine Hat, where his
marriage to Miss Pauline Sailer,
will take place Saturday, June 21.
Upon their return from their
honeymoon, a wedding dance will
be held at Champion community
hall, Friday, July 4.

Mr. and Mrs. Wilford Warren
and children visited at Calgary this
week.

Friends will be sorry to hear that
Mrs. R. Davies had the misfortune
to step on a large rusty nail, pierc-
ing her foot and necessitating hospi-
tal treatment.

Mr. and Mrs. Walter Diemert of
Fair Oaks, California, were visi-
tors this week at the homes of the
former's mother, Mrs. A. Diem-
ert, and other relatives.

Alex Rinaldi and son, Bobbie,
have moved to their house that
Mr. Rinaldi recently duplexed.

A group of the younger set of
matrons of the Fireguard district
met at the home of Mrs. Wilford
Warren, Thursday, June 14, to
form a social and sewing club.
"Nifty Needle Crafters" was the
name chosen and meetings will
be held the last Thursday of each
month. The hostess at each meet-
ing will preside.

Mr. and Mrs. Wm. McRae, ac-
companied by D. Kress, left on a
trip, by motor, to Mimico, Ontario,
where they will visit Mr. and Mrs.
Stanton, and on to Galt to attend
the "old boys' reunion" celebration.
They expect to be away for a few
weeks.

Mrs. H. Chaproniere has return-
ed home after spending the past
six weeks at Calgary visiting her
son-in-law and daughter, and first
grandchild, Mr. and Mrs. George
Minty and Georgia Rose.

Mrs. C. G. Taylor left Saturday
for Campbell, River, B.C., where
she will visit with her son-in-law
and daughter, Mr. and Mrs. W.
Aldorf for a month.

Mrs. O. Sletto was a visitor at
Lethbridge for a few days this
week.

Mrs. W. Hale and daughter of
Spokane, Wash., and Mr. and Mrs.
Strong of Potlatch, Idaho, were
guests for a few days of Mr. Vince
McClure. Mrs. Hale and Mrs.
Strong are Mr. McClure's sisters.

The June meeting of the Women's
Institute was held at the
home of Mrs. F. Watts. Fourteen
ladies were present and Mrs. R.
Bond presided. Roll call was an-
swered with names of prominent
men, past and present. New ways
and means of raising money for
the association and ideas regarding
roll call response were discussed
at length. Mrs. F. Little gave an
interesting paper on "The Modern
Trend in Education in Alberta." Plans
were completed for the constitu-
ency conference to be held at
Champion, June 24, when Mrs. R.
Clements, constituency convener,
will preside. Mrs. Bond, who was
a delegate to the provincial con-
ference at Calgary recently, gave
a very comprehensive report of
that assembly. A dainty lunch was
served by the hostesses, Mrs.
Watts and Mrs. B. Hummel, at the
close of the meeting.

Harry E. Smith was a Father's
Day visitor at Calgary, guest of
his father, Howard E. Smith, who
celebrated his eightieth birthday
anniversary Monday, June 16.

Mrs. F. Clever spent a few days
visiting in Calgary last week.

A group of town ladies were
hostesses at a miscellaneous show-
er, Friday afternoon, June 13, in
the community hall, in honor of
Miss Doreen Stewart, bride-elect
of June 18. Pink and white stream-
ers were used as decorations. Mrs.
E. Code and Mrs. J. Mark, as a
duet, sang "I Love You Truly"
and "Some Sunday Morning," ac-
companied at the piano by Master
Dickey Jopling. A social hour was
spent, after which Mrs. E. Siler,
on behalf of those assembled, pre-
sented the guest of honor with
many lovely gifts with the wish
of all for her future happiness.
Miss Stewart responded fittingly
in a few well chosen words. Mrs.
G. Stewart and Miss Ruth Stewart,
mother and sister of the bride-
elect, assisted with the opening of
the shower gift parcels.

Mrs. B. Enright and Mrs. Lyons
spent a few days visiting at Noble-
ford, guests of friends.

Miss Ethel Diemert and Mr. and
Mrs. W. Diemert were visitors at
Mayerthorpe, Alta., guests of Mr.
and Mrs. Paul Diemert, for a few
days and at Calgary, where they
visited Mr. and Mrs. Wm. Diemert.

Norman Carlson was a week-end
visitor at Lethbridge.

Misses Linda and Gloria Cemu-
lini of Lethbridge spent the week-
end as guests of Mrs. H. Chap-
roniere and Mrs. Connery.

Mr. and Mrs. James Wright and
family of Bakersfield, California,
are visitors at the home of rela-
tives, Mr. and Mrs. G. Wright.

The "Come and Go" tea in aid
of the W.A. of the United Church
was held at the home of Mrs. L.
Latiff, Wednesday afternoon, June
11. Cut flowers were used through-
out the rooms. Mrs. P. Dawson and
Mrs. C. Miller shared honors pour-
ing tea at a beautifully appointed
table centred with spring flowers.

There were many callers and \$22
was realized at the end of a pleas-
ant afternoon.

Miss A. Ellis of Lethbridge was
a week-end visitor at the home of
her mother, Mrs. W. Ellis.

Mrs. L. Latiff was a Lethbridge
visitor Thursday.

Mr. and Mrs. Dewey Greenlee
spent a few days visiting at Ed-
monton, guests of their son-in-law
and daughter, Mr. and Mrs. Car-
lton Mellett.

Harvey Fath of Calgary is a visi-
tor at the home of his brothers,
Robert and Allen Fath, for a few
days.

Master Dickey Jopling spent a
few days recently visiting at Leth-
bridge, guest of Master Stuart
Henderson.

Mrs. Hugh Frame accompanied
Mr. and Mrs. Walter Diemert as
far as Kimberley, B.C., where she
visited her son and daughter-in-
law, Mr. and Mrs. Alex Frame, for
a few days. Mr. and Mrs. Diemert
continued on their journey home-
ward to Fair Oaks, California.

Mrs. A. Brett is spending two
weeks at Nobleford.

Mr. and Mrs. R. Shultz were
Lethbridge visitors this week.

Mr. and Mrs. J. Chollack of Lo-
mond, nee Betty Caldwell of Cham-
pion, are receiving congratulations
on the birth of a son, Bryan David,
at the Vulcan hospital, June 7.

Saturday for a six-weeks' holiday
to be spent at the former's boy-
hood home, Weston, Ontario, and
other points in the east.

Mrs. Norman Carlson and small
son, Everett, are spending some
time at Lethbridge, where Everett
is receiving medical attention.

Mrs. A. McDougall and daughter,
Morag, of Calgary were recent
visitors for a few days.

The W.A. of the United Church
will hold their June 26 meeting at
the home of Mrs. C. Miller.

Mr. and Mrs. C. E. Summers
have left on an extended holiday
to be spent in Indiana and other
points in the U.S.A.

Mrs. Clyde Coe and infant son
returned home this week after an
absence of five weeks at Leth-
bridge.

Mrs. J. Morrissey of Yoho, B.C.,
was a visitor during the week-end,
guest of her parents, Mr. and Mrs.
Chas. McLean.

Mr. and Mrs. Guy Voisey left
by car for Ontario to spend five
weeks visiting relatives and to at-
tend the "old boys' reunion" at
Galt. Mrs. Voisey will attend the
Ontario provincial W.I. conference
during her visit east.

Miss Milly Carey visited her
parents, Mr. and Mrs. T. Carey at
Barons, over the week-end.

Mr. James Anderson was a Leth-
bridge visitor for a few days re-
cently, guest of his mother, Mrs.
B. Anderson. Mrs. James Ander-
son is a patient in St. Michael's
hospital.

Mrs. D. Odams of Calgary is
spending a week visiting at the
home of her parents, Mr. and Mrs.
Albert Orcutt.

Mr. and Mrs. D. Gillespie and
son of Moose Jaw, Sask., are house
guests of Mr. and Mrs. Leonard
Voisey. Mrs. Gillespie is a sister
of Mrs. Voisey.

Twenty-eight ladies were pres-
ent. Games and contests were play-
ed during the afternoon, after
which Mrs. Henry Lebsack, assist-
ed by her daughter, Viola, present-
ed the guest of honor with many
beautiful and practical gifts from
a gaily decorated basket, on behalf
of the friends assembled. Mrs.
Goodman thanked the ladies for
their thoughtfulness. The host-
esses, Mrs. H. Lebsack, Mrs. H.
Hartung and Mrs. Chas. Lebsack,
served a delicious lunch to their
guests.

Mrs. Charles McDougall arrived
by plane this week from the Island
of Lismore, Scotland, to join her
husband, who preceded her to Can-
ada. While on a visit to his native
Scotland, late in 1946, Mr. Mc-
Dougall renewed acquaintance
with his childhood schoolmate, Miss
Mary McGregor, and courted and
won her as his bride. The wedding
was solemnized at Oban, Scotland,
Jan. 29, 1947. Mrs. McDougall re-
ports a most pleasant plane trip
over, and Champion is pleased to
welcome her to this community.

Rev. G. Thuot of Gull Lake,
Sask., was a recent visitor at the
home of his brother-in-law and sis-
ter, Mr. and Mrs. A. Ulrich. Mrs.
Ulrich and children accompanied
Father Thuot back to Saskatchewan,
where they will visit Mrs.
Ulrich's parents, Mr. and Mrs. J.
Thuot, at Mayronne, Sask.

Mr. and Mrs. Dick Gray and
daughter, Judy, Misses Frances
and Margaret Miller, all of Leth-
bridge, were week-end visitors at
the C. G. Miller home.

Mrs. George Smith and children
and Mrs. D. Dow were Lethbridge
visitors Monday.

Miss Doreen Myers of Leth-
bridge is spending a few days visit-
ing Mr. and Mrs. C. Miller.

Mr. and Mrs. Fred Gottenberg
were business visitors at Leth-
bridge Monday.

Mrs. F. Gottenberg entertained
at a birthday anniversary and
Father's Day dinner party Sunday,
June 15, complementary to her
husband. Guests at the dinner
party and week-end house guests
were: Mr. and Mrs. Glen Meeks
and son Richard, Mr. and Mrs.
Dean Rolfsen and daughter Ann
of Raymond, Mr. and Mrs. J. G.
Lockwood of Calgary and Mr. and
Mrs. Martin Gottenberg and son
Russell.

Mr. and Mrs. James Anderson
are the proud parents of a baby
boy, born at St. Michael's hospital,
Lethbridge, on Tuesday, June 17.
Congratulations.

Strawberries--

If you want Strawberries we suggest you get them soon. With good weather the Creston and Wyndell berries should be at their best this and next week. Some wet weather over there could just about finish shipments for this year though.

Have you tried "Quick Freezing" this fruit. Our local Cold Storage Plant can supply any instructions you may want on preparing for quick freezing. We believe you will like this quick easy way to "put down" berries and you can have them fresh all the year around.

Some Cherries coming from B.C. now. They will be on for canning very soon.

Brief Items of Local Interest

Mr. and Mrs. Howard Buzell have returned from a holiday trip to the coast.

Mr. and Mrs. D. G. Purdy and daughter Connie spent the week-end at the home of Mr. and Mrs. H. F. Krause.

Mr. M. S. Hanson of Chedderville, Alberta is at present visiting with members of his family and friends in Vulcan and district.

Mr. and Mrs. F. E. Atkinson left recently for Ontario, where they will spend a month's holiday. They will visit their daughter, Mrs. P. S. McKellar, in Toronto.

Mr. and Mrs. Tommie Brooks of Pincher Creek were week-end visitors to the former's mother and uncle, Mrs. Anna Brooks and Mr. T. Carruthers.

W. S. Hill and R. E. Hill left Lethbridge by plane Friday evening to fly to the bedside of their mother, who is seriously ill at her home in Victoria, B.C.

D. D. McQueen is a business visitor to Edmonton this week, attending the annual convention of the Alberta Municipal District Secretary-Treasurers' Association.

Mr. and Mrs. Chester Rea had as visitors recently Mr. and Mrs. Arthur Rea and family of Bowman, North Dakota and Mr. and Mrs. Harold Reg of Lloydminster, Sask.

The prevailing epidemic of red measles is keeping a number of the younger pupils out of school and confining many of the pre-school fry to their homes. Some of the youthful patients have been quite ill, while others have not been so severely stricken.

Rev. and Mrs. T. M. Dobson accompanied Mr. and Mrs. T. B. Lebeau to Vulcan over the week-end for special anniversary services at the United church.

Crop prospects are bright. Protect your interests by taking out a Hail Insurance Policy through J. Lundy Findlay, Phone 22 or No. 5, advt. 44-2c

Luncheon guests at the home of Mr. and Mrs. O. B. Roe on Sunday were: Rev. and Mrs. M. Dobson, Mr. and Mrs. T. B. Lebeau, Calgary; Mrs. Scott, Winnipeg; Mrs. Dobbs and Dr. G. M. Carson, Vulcan.

Mr. and Mrs. W. Harwood of Salt Lake City and Mrs. Malcolm Blake and baby daughter Margaret of Blairmore were recent visitors at the home of Mr. and Mrs. C. Ottewill.

Mrs. Margaret Gilroy of Calgary was a Saturday visitor at the M. D. McIntyre home. On her return to Calgary she was accompanied by Mrs. McIntyre and small son, Gail, who will spend a few days at the Woodward home.

R. O. Donnelly, Doc Stewart, Jack and George Eamor, P. J. Willard, Earl Carruthers, Jim Marshall and George Bateman left on Thursday for Texas, where they will engage in harvesting operations.

Mr. and Mrs. Roy Dahl and family have moved to Raymond, where Mr. Dahl has been transferred by the United Grain Growers. The new U.G.G. agent here is W. Newfeldt. Mr. and Mrs. Newfeldt and baby have moved into the residence formerly occupied by Mr. and Mrs. Dahl.

Rev. O. H. Rollis took the service at South Calgary United church on Sunday during Rev. Dobson's visit to this pulpit.

The recent splendid rains make crop prospects bright. Insure these crops against hail loss by taking out a Hail Insurance policy through J. Lundy Findlay, Ph. 22 or No. 5, Vulcan. advt. 44-2c

Members of the Elks' lodge and volunteer helpers made an excursion to the foothills recently and returned with fifty spruce trees for the Memorial Park. Planting of trees and shrubs in the park has been completed for this year and

plans are now being made for laying of the walks. Proceeds of the Elks' annual celebration on July 1st will go into the fund for this memorial project.

The oil strike at Leduc has stimulated another active period on the stock exchange.

THE WEATHER

Ideal growing weather has favored the crops most of this week. Scattered thunder showers Tuesday afternoon were followed by clear skies Tuesday evening. Fields look very good and crops are showing healthy growth.

Congratulations

to our farmer friends on their fine food production record.

Our Greatest Industry Agriculture

Throughout Canada this week, June 16 - 21, we are called to reflect upon the worth and the work of agriculture

In constant association with the citizens of an agricultural area we may tend to overlook the heavy and important work of the farmer.

We pause now—to express our appreciation and thanks.
